

Don't call it a dream...  
...Call it a plan. **Threshold**

# LIMITLESS

Programmu

**LIMITLESS** is funded by the European Social Fund (ESF) under Priority 2, Skills for Growth: SPECIFIC OBJECTIVE 4. It is an educational programme of support for women in employment aged 18 and over.

Participants must either be living or working in the following unitary authorities: Carmarthenshire, Pembrokeshire, Caerphilly, and Blaenau Gwent (with delivery of the volunteering qualification also available in Torfaen).

**LIMITLESS** is made up of three strands; **Strand One** is WEB - Women Exploring Business Programme; **Strand Two** is WISH - Women's Integrated Support Hub; **Strand Three** is the *Supporting the Domestic Abuse and Sexual Violence Sector* qualification.

## Strand Three

### Qualification : Award and Extended Award in Supporting the Domestic Abuse and Sexual Violence Sector through Volunteering

An Agored Cymru Qualification offered at Level 2 and Level 3, designed to provide learners with the underpinning skills to offer safe and effective support in carrying out intervention in support situations, including domestic abuse and sexual violence.

Although there are core skills and knowledge that are universal, each role brings specialist needs. The qualification will enable learners to develop their skills in a flexible and manageable way, which will include online learning.

The qualification is currently available at Level 2 and is being developed for Level 3 for volunteers working in the sector. Available to women who are interested in pursuing a career in support work, we hope that it will complement the plans of the VAWDASV (Violence Against Women, Domestic Abuse & Sexual Violence) team to develop a National Survivor Engagement Framework. The qualification will be offered as an Award and an Extended Award at each level and accredited by Agored Cymru.
