Local installer- Russel Dunham was approached with regards to placing a temporary Xmas tree in the centre of Blaina square and he confirmed that the area is not suitable and that he would not carry out the work as the paving slabs are too unsafe to secure guide ropes, plus the area would then need to be fenced off, and with fencing off area comes the possibility of the young people climbing up fences. Dear Sirs,

Re - Temporary Unmetered Connections for Festive Lighting Christmas 2021/2022
Inventory Reference - 50030868
MPAN - 2100041081213

I am currently making preparations for the Christmas lighting this year and would be grateful if you could notify me of your requirements as soon as possible to ensure that your chosen Supplier invoices you correctly.

Please find a copy of your Certificate of Unmetered Supply with Inventory Schedule for the Christmas period 2020. I have also enclosed a temporary notice of completion form for the connections on the above mentioned unmetered supply.

If you require a temporary connection for Christmas 2021, or if you have already made arrangements to connect any festive lighting this year, please pass this notice of completion form on to your electrical installer and request that they complete the document.

Please ensure that they fill in the dates for which the connection is required on the front of the form and also the total wattage and the daily operating hours of the load connected on the back of the form. This sheet can also be used to inform us if there have been any changes made to your connected load or burning hours since last year.

The completed form should then be returned to me at the above address in the pre-paid envelope that I have enclosed for your convenience and this will enable me to check that your inventory is correct and to energise your Mpan for the correct dates.

I look forward to hearing from you shortly but meanwhile if you require any further information regarding this matter please contact me on the telephone number above.

Yours sincerely,

Matthew Anderson

Subject: Thank you for flying a Red Ensign on Merchant Navy Day
Attachments: Creative - Seafarers UK 2021 FRED Certificate L 30.pdf

Dear Supporter,

On behalf of The Seafarers' Charity, may I thank you for helping to raise public awareness of the UK's ongoing dependence on professional seafarers by supporting our 'Fly the Red Ensign for Merchant Navy Day' campaign.

Please find attached a 'Certificate of Participation' for you to display.

As you might be aware, in recognition of extreme financial challenges that many working and retired UK seafarers and their families have been facing during the pandemic, we asked for donations towards our Merchant Navy Fund as part of this year's campaign. The Fund was initially established in 2012 to exclusively support UK Merchant Navy seafarers and their families at times of need, and is administered by The Seafarers' Charity and supported by the Merchant Navy Fund Welfare Board.

If you haven't made a donation yet, please [donate now](#) as a way of thanking our merchant seafarers who have worked so hard to keep our country supplied with more than 90% of our imports, including essential food, fuel and medicines throughout the COVID-19 crisis. Your donation will help us give Merchant Navy seafarers and their families somewhere to turn for support at this time of crisis.

In 2022 Merchant Navy Day will as usual fall on 3 September – we will be in touch next year to announce our plans for 'Fly the Red Ensign for Merchant Navy Day' campaign 2022.

Best wishes
