Subject: Re: NBTC Cinema Tickets

Hi Victoria.

I am happy for children to be accompanied by adult carers where applicable.

600 tickets @ £3.80. Total cost: £2,280.00

I will ask Ellan to send a invoice when she is next in work.

Many thanks.

Andrea

Hi Andrea,

Thanks for the quick reply.

The council are happy to purchase 600 tickets, can I check are they only applicable for children or could they be used for adult carers with the children (at the same viewing of course)?

If you are happy to extend the time allowed to redeem the tickets that would be wonderful, initially I think we would advertise as a 'Summer Holiday' event to try and encourage uptake during the school hols and then we could offer an extension later on (I wouldn't want to encourage some people to take extra tickets to intentionally use later on)

Once weve sorted these details I can look at getting this on the payments list for you so we can get organised and advertise it!

Many Thanks,
Victoria

This modest investment can make a significant and lasting difference—supporting children’s wellbeing, reducing inequality in access to play, and strengthening community resilience.

We greatly appreciate that some town and community councils have engaged with our *Buy a Day of Play* scheme, which has already made a meaningful contribution. By expanding this support, your Council can play a key role in ensuring that no child in your area misses out on safe and engaging play opportunities this summer.

I would welcome the opportunity to meet with you to discuss how we can work together to deliver this provision locally and make a real difference to children and families in your community.

Thank you for your continued commitment to supporting young people.

Yours sincerely,

Claire Smith
Childcare and Play Manager
